## Section 1 – About You

- **Which stakeholder group best describes the perspective you are responding from?**
- **Which region do you primarily represent?**
- **Which country or countries are you responding from or representing?**

## Section 2 – Overall feedback

- **To what extent does the Discussion Paper, including its proposed vision, goal and guiding principles, reflect the needs and priorities of the stakeholder group you represent?**
  *Please explain your answer, highlighting any needs, priorities or perspectives that you feel are not adequately reflected in the Discussion Paper.*

- **Which needs, experiences or perspectives of your stakeholder group are missing or insufficiently reflected?**
  Please give specific examples or suggestions where possible.

## Section 3 – Feedback on selected areas

*Which areas of the Discussion Paper would you like to comment on?*
*Repeat the following questions for each area selected.*

- **How would you assess the proposed actions in this area?**
  - Generally clear, relevant and actionable
  - Not sufficiently specific
  - Too detailed or prescriptive
  - Do not adequately address the needs in this area
  - Too ambitious for my context
  - Not ambitious enough
  - Other (please specify)
  - Not sure / not familiar enough to assess

  *Please explain your assessment or suggest how the actions could be improved.*

- **How feasible would it be to implement these actions in the country or region you know best?**
  - Feasible with existing resources and capacities
  - Feasible with some adaptations
  - Feasible only with significant additional support, resources or capacity
  - Not currently feasible
  - Not sure

  *What are the main barriers to implementing these actions in your country or region, and what resources, support or changes would help overcome them?*

- **Which proposed actions in this area should be prioritised, and why?**

- **Is anything missing, insufficiently addressed or in need of clarification in this area?**

## FINAL – GENERAL QUESTION

**Is there anything else you would like to highlight, comment on, or suggest regarding the WHO Discussion Paper?**
*Please feel free to share any additional feedback, concerns, or recommendations not covered by the previous questions.*
